

Household R-600a / exterior disposal warning

FULL-SIZE FIT PROOF / US LETTER / PRINT AT 100%, ACTUAL SIZE

Exterior / disposal / 190 x 71 mm / 6.5 mm body capitals

CAUTION
RISK OF FIRE OR EXPLOSION.
DISPOSE OF PROPERLY IN
ACCORDANCE WITH THE APPLICABLE
FEDERAL OR LOCAL REGULATIONS.
FLAMMABLE REFRIGERANT USED.

Placement: on the outside of the enclosure; a rear or side face can carry this label.

This warning does not need to occupy the brand / serial / QR nameplate.

Wording: UL 60335-2-24 (2017), 7.1DV.4.1(d). Body capitals: at least 6.4 mm.

Separate appliance information: manufacturer / model, voltage, AC frequency, rated current, manufacturing date or date code, R-600a, actual charge in grams, and foam blowing-agent ID. Use established unit values. The study text 5A / 600W is not a measured appliance rating.

The disposal warning plus the service panel on page 2 cover the four applicable messages. The enclosed, foam-embedded evaporator has no user-contact defrost-warning location. No commercial storage paragraph, packaging paragraph, or A3 diamond is specified here.

50 mm at actual size. Do not use Fit or Shrink to page.

Household R-600a / compressor compartment

FULL-SIZE FIT PROOF / US LETTER / PRINT AT 100%, ACTUAL SIZE

Compressor compartment / service and tubing / 190 x 163 mm / 6.5 mm body capitals
